REPORT

On the memorable date of October 3rd, 2018, Dr. Sunitha, an esteemed Assistant Professor hailing from Amrita University, took center stage to address a gathering of 55 attentive students. The focus of her address was a matter of paramount importance: Gender Equality, with a specific emphasis on the pervasive issue of the Gender Pay Gap. With eloquence and insight, Dr. Sunitha shed light on the entrenched disparities in compensation that persist due to systemic biases and ingrained societal perceptions. She skillfully articulated the economic repercussions of such disparities, emphasizing the imperative for fostering inclusive workplaces where individuals are judged based on merit rather than gender. Dr. Sunitha's presentation catalyzed fervent discussions among the audience, igniting a collective commitment among the students to actively advocate for gender parity across all domains. Her impassioned call to action resonated deeply, inspiring a newfound determination among the attendees to champion the cause of equality with unwavering dedication.

REPORT

On September 4th, 2019, Mr. H R Vivek, Dean of Academics at CMS College of Science and Commerce, delivered a compelling address to the students of the Department of Management in Athena Hall. His discourse centered on the pivotal role of women entrepreneurs in the progressive development of our nation. Mr. Vivek illuminated how the burgeoning presence of women in entrepreneurship not only catalyzes economic growth but also fosters social empowerment and inclusivity. He emphasized the transformative potential inherent in nurturing and supporting women-led ventures, citing examples of successful female entrepreneurs who have made significant contributions to various sectors. Through his insightful presentation, Mr. Vivek underscored the importance of cultivating an ecosystem conducive to the flourishing of women entrepreneurs, advocating for policies and initiatives that promote gender equality and provide equitable opportunities for all aspiring business leaders, regardless of gender.

PROGRAM: ENTREPRENEURSHIP AS A CAREER

VENUE: ATHENA HALL

TIME: 2.30 PM

Department of Information Technology conducted Entrepreneurship as a Career Program. The resource person Dr.Subha Chelliappan, Guest Faculty, Department of Extension & Career Guidance, Bharathiar University, Coimbatore spoke on the topic of Entrepreneurs work to develop ideas, create and refine products and services, and grow companies and industries. They sometimes, but not always, work for a family-owned business or for themselves, but many work within traditional companies and organizations. Startup India is a flagship initiative of the Government of India with the agenda to actively support startups and entrepreneurs. The primary objective of the program is to create a strong ecosystem that nurtures and protects innovation and startups in India, ultimately generating large-scale employment opportunities and leading to the sustainable economic growth of the country. Subsequently, the Indian government also launched the Aatmanirbhar Bharat mission and the 'Make in India' program, with the aim of transforming India into a global manufacturing and design export hub.

REPORT

On November 1st, 2021, Adv. Vinodhini Shailendar led a compelling seminar delving into the intricate issue of gender discrimination within the legal system. With expertise and fervor, she dissected the various facets of this pervasive problem, shedding light on the systemic biases and inequalities that persist within legal frameworks. Adv. Vinodhini emphasized how gender discrimination manifests in various aspects of the legal system, from access to justice to sentencing disparities and courtroom treatment. She elucidated the profound impact of such discrimination on marginalized communities, particularly women, LGBTQ+ individuals, and minority groups. Furthermore, Adv. Vinodhini passionately advocated for systemic reforms aimed at fostering a more equitable and inclusive legal system. Her presentation sparked thought-provoking discussions and galvanized attendees to take action towards dismantling gender-based discrimination within the legal sphere, ultimately striving for a society where justice is truly blind to gender.

(MARCH 2023)

The Department of Mathematics organized a seminar on "Women as victims of human trafficking" on 28th March 2023 for the UG students of CMS College of Science and Commerce. Human trafficking is a global and domestic human rights issue that is characterized by economic exploitation through force, fraud and coercion. Although boys and men are victims as well, the majority of individuals identified as trafficked for both labour and commercial sex are women and girls. About 43 students actively participated and were benefitted.

SEMINAR ON EMPOWERING WOMEN IN THE HEALTH SECTOR

The Department of Food Science and Nutrition organized a seminar on the *Seminar on Empowering Women In the Health Sector*. The workshop was presented by Mrs. Jayapadma, Department of MSW, CMS CSC. She highlighted that by bringing together women leaders, professionals, and stakeholders, the event catalyzed dialogue, collaboration, and action towards creating a more equitable and empowering environment for women in the health sector. She also emphasized that moving forward, sustained efforts, collective action, and collaborative partnerships will be crucial in driving meaningful change and realizing the full potential of women in shaping the future of healthcare. The students actively interacted with the speaker and expressed their views on women in the Health Sector. The participants raised many doubts and those were cleared by the resource person. The total number of beneficiaries was 18.

REPORT

Led by Mr. S. Manoj Kumar, Head of the Department of Management at CMS College, students embarked on a visit to Chinnavedampatti on 4th January 2023 with a profound purpose: to confront the grim reality of female infanticide. Amidst this journey, Mr. Solomon, a Health Inspector from PHC Vellakinar, provided invaluable insights into the harrowing issue plaguing communities. Female infanticide, a tragic manifestation of gender discrimination, remains a pressing concern, particularly in rural areas where patriarchal norms prevail. Mr. Solomon sensitized the students to the socio-cultural factors perpetuating this abhorrent practice, shedding light on its devastating consequences for society as a whole. Through poignant narratives and statistical evidence, he underscored the urgent need for concerted efforts to eradicate this deep-rooted injustice. The visit served as a poignant reminder of the imperative to advocate for gender equality and invest in initiatives that empower girls and women, ensuring a future free from the scourge of female infanticide.
